

Neve Dent

DENTAL LAB

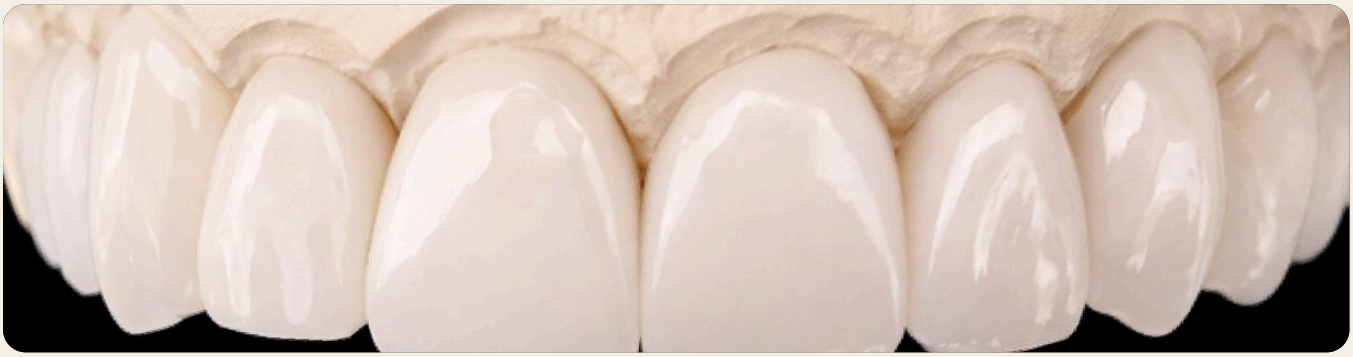

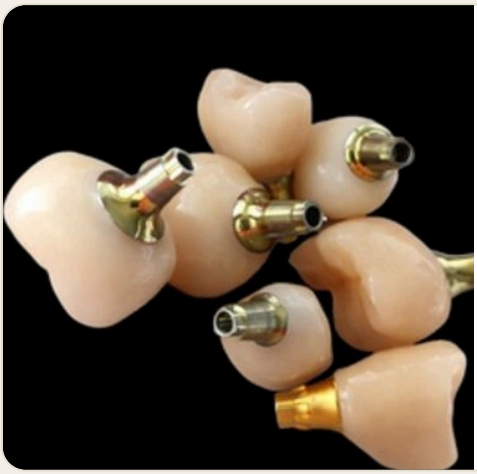

Every smile is a direct achievement

OUR SERVICES

Craftsmanship for every indication

From a single crown to a full All-on-6: we combine a digital workflow with handwork down to the smallest detail.

Fixed prosthetics

- Zirconia crowns and bridges
- Aesthetic restorations with natural translucency
- Implant restorations on all systems
- All-on-4 and All-on-6
- Custom abutments
- Veneers and aesthetic restorations

Removable dentures

- Full and partial removable dentures
- Comfortable and functional, made to measure

Splints and appliances

- Bite splints and night guards
- Anti-snoring appliances
- Aligners and retainers

WHO WE ARE

A boutique lab with a personal touch

NeveDent is a boutique dental laboratory in Gentbrugge (Ghent) for dentists and implantologists who care about quality. We work fully digitally as well as conventionally, combining innovative technology with hands-on craftsmanship.

20+ years
of experience in dental technology

Since 2019
active as a digital lab in Ghent

European
only European materials and local production

What sets us apart

- Personal service and one fixed contact
- Flexible collaboration
- Fast production, with a rush option
- Fully digital workflow
- Boutique quality in every piece

How we work

SCANS AND IMPRESSIONS
Digital scans from all intraoral scanners welcome, traditional impressions too.

PICKUP AND DELIVERY
Via AGX, plus our own drivers for urgent cases.

LANGUAGE
Personal contact in Dutch or English.

INTRODUCTORY OFFER

Your first zirconia crown is free

Would you like to judge our work yourself first? We will make your first zirconia crown free of charge, as a trial piece. See our fit, aesthetics and finish for yourself.

Send your first digital scan to info@nevedent.be

NeveDent Dental Lab

Precision, aesthetics and innovation

We look forward to working with you.
